

Right of Way

3g- Property Management

What is Property Management?

The administration of acquired land and improvements is called property management. It includes activities such as maintenance and protection of the right-of-way, rental or leasing of acquired property, disposal of property no longer needed for the project.

How does the LPA dispose of improvements that were acquired on a project?

Contact NDOR's Property Management Supervisor at (402) 479-4770 for further information and direction.
